

INNOVATIVELY YOURS

Established in 2005, with headquarters in the UAE and additional offices in USA,UK,ITALY GREECE & INDIA we cater to the demands of our global customers. Every day we positively affect the lives of people globally, by providing them with affordable hygiene options. Within our facilities, we strive to convert ingenious innovations into user-friendly products using efficient design and world-class technology.

And after strict quality checks, we make sure we did a great job. Hygiene fresh began with a vision of incorporating hygiene into the lifestyle of people around the world.

AUTO CUT DISPENSER

Tear off sheets of soft towels from the Hygiene auto cut dispenser. A wall-mounted dispenser to manually dispense hand towels with each pull.

Incorporated with a teeth-like structure in the interior, this dispenser makes way for easy-tearing with a single hand. Curbing excess consumption with the single sheet dispensing system effectively prolongs the life of the tissue roll.

Hygiene
Sensor Cut

SENSOR CUT

Sensor technology ensures accurate cuts, which is crucial for delicate materials like tissue. It reduces errors and ensures uniformity across cuts.
